Come Celebrate IASCA's 25th Birthday!

Did you know that IASCA has been serving Idaho ASC's since 1998? Throughout the past 25 years, IASCA has been here to provide support and resources to Idaho ASCs as they deliver safe, high-quality, cost-effective care in our communities.

We are excited to celebrate our anniversary with all of Idaho ASC's during our upcoming Annual Conference in Boise on September 21-22 at the Hilton Garden Inn. Our keynote workshop features Paul Butler, who will present what it takes to be a good professional and highlight the power of being a good person. The presentation will cover some of the most important leadership traits, as well as how you can use lessons of yesterday to overcome the challenges of today and capitalize on the opportunities of tomorrow.

More information can be found on our website at iasca.org. You can complete your registration online or mail in the form on the back of this letter.
